

3D lettering

PRINT DATA:

Upload the files for the production of 3D lettering in PDF format in CMYK mode.
Fonts must be converted to curves.

DIMENSIONS:

Upload the PDF document at a 1:1 scale or at any scale relative to the final size (1:2, 1:10).
Press data must not contain graphics larger than 500 cm. If your final size is larger than 500 cm, upload the data at a scale of 1:2 or 1:10.

RESOLUTION:

Upload the files for 3D signage in curves.

PRINT TECHNOLOGY USED:

Digital CMYK printing
